

SERVICE BULLETIN

Title: 17FA111-1313 Hot Gas Bypass Valve Assembly

Models Affected: 17/19FA, 19EF

Number: C9808

Date: 4/22/98

Supersedes: New

Date: N/A

Purpose:

To inform the field of a field service technique and service parts for the 17FA111-1313, Neles-Jamesbury 2-4C-2236TT-1, 2" Reduced Port Ball Valve used with Hot Gas Bypass.

Information:

The Neles-Jamesbury Series 4000 ball valves use a metal ring to seal the valve body to the end cap. This ring is a 316 stainless steel/graphite spiral-wound seal. If for any reason, the valve body must be disassembled, a new seal must be used to insure a leak-tight joint.

File: Specified Parts

The Neles-Jamesbury seal part number for the 17FA111-1313 ball valve is JB004-0605-36.

These seals are hard to find and RCD does not stock them. The best place to start is to call Neles-Jamesbury direct at (508)852-0200 and ask for the closest stocking distributor.

Our thanks to Ralph Galliford for bringing this issue and solution to our attention.
