

# SERVICE BULLETIN

Carrier Corporation

North American Operations

**Title:** 19XR PIC II Wiring Diagrams

**Number:** C9903

**Date:** 1/15/99

**Supersedes:** New

**Date:** N/A

**Models Affected:** 19XR with PIC II Controls

**Purpose:**

Attached to this bulletin are ladder style wiring diagrams to aid in troubleshooting 19XR PIC II equipment.

**Information:**

The unit's wiring diagram is the final authority for the machine wiring. These ladder wiring diagrams can be very useful when troubleshooting an electrical problem, or for training purposes when learning the control system.

E1, Sheet 1, Legend.

E1, Sheet 2, 19XR Control Wiring 115/230 Volt & Oil Pump Wiring

E1, Sheet 3, 19XR Control Wiring 24 Volt

E1, Sheet 4, Compressor Motor/Starter Diagram, Low Voltage, Wye Delta

E1, Sheet 5, Compressor Motor/Starter Diagram, Medium Voltage, Across-the-Line

E1, Sheet 6, Compressor Motor/Starter Diagram, Low Voltage, Solid State

E1, Sheet 7, Compressor Motor/Starter Diagram, Medium Voltage, Primary Reactor
