ROTARY SCREW LIQUID CHILLER LOG SHEET 125 – 675 TONS

Chiller Location _____

System No. _____

Date											
Time											
Hour Meter Reading											
O.A. Temperature D.B./W.B.		/	/	/	/	/	/	/	/	/	/
Compressor	**Oil Level**										
	Oil Pressure										
	Oil Temperature										
	Suction Temperature										
	Discharge Temperature										
	Filter PSID										
	Slide Valve Position %										
	Oil Added (gals.)										
Motor	**Volts**										
	Amps										
Cooler	**Refrig.** **Suction Pressure**										
	Liquid **Inlet Temperature**										
	Inlet Pressure										
	Outlet Temperature										
	Outlet Pressure										
	Flow Rate — GPM										
Condenser	**Refrig.** **Discharge Pressure**										
	Corresponding Temperature										
	High Pressure Liquid Temperature										
	System Air — Degrees										
	Water **Inlet Temperature**										
	Inlet Pressure										
	Outlet Temperature										
	Outlet Pressure										
	Flow Rate — GPM
